B.Tech, Computer Science and Engineering – Cyber Security

Address : 192, South Valavu, Boothamangalam, Melur Taluk, Madurai District, Tamil Nadu

Summary

Proactive and self-motivated final year B.Tech Computer Science student with good skills in vulnerability assessment and network security. Strong foundation in cybersecurity fundamentals and security best practices. Eager to contribute technical skills, dedication, and a continuous learning mindset to support organizational growth and strengthen security operations. [Linkedin](#) - [Github](#) - [Youtube](#)

Technical Skills

Programming Languages: Python, HTML

Tools and Technologies: Packet Tracer, Linux, Nessus, Metasploit, VS Code, GitHub, Excel, Word, PPT, Canva, Velociraptor

Experience

AICTE – EduSkills | Supported by Palo Alto Networks | [Certificate](#)

Apr 2025 – Jun 2025

Cybersecurity Virtual Intern · Full-time

SRMIST – KTR Campus

- Completed a structured virtual internship focused on cybersecurity fundamentals and industry practices.
- Gained hands-on exposure to network security, threat analysis, and vulnerability assessment concepts.
- Learned real-world security workflows aligned with industry standards and tools.

SRM Institute of Science and Technology – Dept. of Networking & Communications | [Certificate](#)

Jun 2025 – Jul 2025

Cybersecurity Intern · Full-time

SRMIST – KTR Campus

- Successfully completed a 45-day internship under the Tech Journey program.
- Worked on Email Forensics, focusing on tracking and analyzing phishing attacks.
- Gained practical exposure to cybercrime investigation concepts and security analysis.

Projects

Phishing Email Detection System | [Check it](#)

Jan 2025 – Apr 2025

SRMIST – KTR Campus · Python (Flask), HTML, CSS, Javascript

Cybersecurity

- Developed a cybersecurity-based project to detect phishing and suspicious emails using email analysis techniques.
- Implemented features to identify malicious links, spoofed sender addresses, and suspicious email content.
- Analyzed email headers and patterns to improve phishing detection accuracy and enhance email security awareness.
- Gained practical knowledge in email forensics, threat analysis, and cyber threat detection concepts.

Education

SRM Institute of Science and Technology

2027

B.Tech · Computer Science and Engineering – Cyber Security · Chennai, Tamilnadu

CGPA – 8.82/10

Relevant Courses

- INFORMATION SECURITY
- COMPUTER NETWORKS
- SECURITY RISK MANAGEMENT PRINCIPLES
- SECURITY GOVERNANCE, RISK AND COMPLIANCE

Certifications

Ethical Hacking

IIT Kharagpur
